Incorporation Committee Of One Thousand Being Formed

Office has been set up and boundaries have been decided upon for the proposed new city of Lemon Grove, California. Office has been established in the building occupied by Jim Pearce at 3442 Main Street, across the tracks from the Grove Theatre.

The boundaries, accepted informally by the county Boundary Commission will follow very closely the boundaries of the Lemon Grove Fire District outline.

Ernest Newton, president of the chamber said that the sum collected for remained at \$6,000 at the end of the week. A total of \$15,000 is sought.

Bob Vaught and Jim Spears, co-chairmen of the fund raising committee said they were studying several plans by which the remainder of the money could be raised.

Meanwhile, chamber directors and members are attempting to form a Committee of One Thousand for the incorporation to sponsor the campaign. More than six hundred persons have already signed as part of the committee.

Tacoma Man To Be Buried Here

James Sperl, the father of Kenneth B. Crampton, of 3485 Calavo Drive, Spring Valley died Monday at his home in Tacoma, Washington and he will be brought here for burial.

Funeral arrangements are pending at Conrad Mortuary. In August, Crampton's mother, Edith died and she too was brought for burial.

Burial will be at Ft. Rosecrans Cemetery.

April Wedding Planned For Miss White

Mr. and Mrs. Albert U. White, 3896 Capital Street announce the engagement of their daughter Shirley Ann to Jacob P. Phillips, son of Mr. and Mrs. C. Lake Phillips of Springfield, Louisiana.

The bride to be attended school in San Diego County. Her fiancé resides in Santa Monica and is working for the Atkins Construction Company.

An April wedding is planned.

Publishing Official Predicts April Special Water Session

Carlyle Reed, publisher's office representative of the Union Tribune Publishing Co., condemned the practice of politicking in water resources Friday at the Lemon Grove Men's Club.

Reed, a former state director of water resources, said that stakes are higher in water in California than any other commodity and that when Legislature meets on it, it is actually meeting on dollars, rather than on water itself.

Reed has spent a year and half in the Assembly as observer for the Union-Tribune. Friday he predicted a special session on water, to be called by Governor Knight, on or before April 5.

The San Diego Metropolitan Water District borrows 40% of the water it uses from Los Angeles agencies which do not use their full entitlements of Colorado River water, Reed said. When the Los Angeles area calls on all of its entitlement in the next 15 or 20 years it will come partially from the San Diego county supply unless steps are taken to bring surplus north California water in. For that reason the Feather River project has become a key to the existence of San Diego county, he said.

He also said that competition between state agencies is keen. Who is going to build what, and who is going to control what has overshadowed some legislator's realization of the urgency of action, he said.

The speaker this week will be Howard A. Muhleman, an attorney.

Stan's New Market Opens

The new "Stan's Market" at 9935 Campo Road, in Casa de Oro, has opened its doors "officially" this week for business. Stan Totton, owner who has been in business here for the past five years, wishes to thank his many friendly customers for their patronage, and says he and his staff will continue to serve to the best of their ability.

Stan's new market is one door east of his former location. The new building is much larger than the old place, and has plenty of aisle space. A new feature in this modern business establishment is the automatic check stands, which helps to speed up the service. The market will feature a full line of frozen foods, fresh meats and vegetables.

Andrew Becker Passes at 91

Funeral services for Andrew Becker, 91, 3263 Kempf Street, Lemon Grove, were held Saturday morning, and cremation followed. He passed away at his home last week on Thursday.

A native of Russia, Becker had lived in California for 50 years and in Lemon Grove 38. He and his wife Josephine operated a restaurant on Imperial Avenue for several years. After they retired he took care of their avocado orchard and she made rugs as a hobby, and still does.

Mrs. Becker is listed as his sole survivor. She will live in San Diego.

L.G. Man Presides National Group

NEW YORK CITY (Spcl.) — Twenty water conditioning industry executives from Canada and the United States are meeting today and Saturday at the St. Regis Hotel. They constitute the board of directors of the National Association of Soft Water Service Operators, a 13-year-old industry group whose membership now includes over 600 water conditioning companies.

Virgil A. Stephens, Culligan Soft water Service, Lemon Grove presides at the NASWSO meeting in New York City, as vice president of the Association.

On Saturday, the National Association's directors will be joined by a meeting of the Eastern Water Conditioning Association. The Eastern association covers principally the states of New York, New Jersey and Pennsylvania.

Soft water service operator-members of the National Association have some forty-two million dollars invested in their local communities in regeneration plants, trucks and water conditioning equipment, estimates R. D. Lund, executive officer.

San Diego Factory Employment Steady

According to a report from the California Director of Industrial Relations, Ernest B. Webb, factory employment and salary workers during February in San Diego were practically unchanged from the month of January. Compared with a year ago, factory employment was off 6 per cent. Aircraft employment was 9 per cent below a year ago and 13 per cent below the postwar high established in July 1957. In other manufacturing industries employment in February 1958 was about the same as in February 1957.

Churches United For Good Friday Services

For the first time in local history, the churches of our community are uniting in the joint venture of providing a Good Friday service of worship. This is the word just released by the Reverend Donald B. Cooke, president of the Ministerial Association.

The service will be held this year from 12:00 noon through 3:00 p.m. Friday, April 4 at the Lemon Grove Methodist Church. This church is located at 3205 Washington Street just south of Golden Avenue and Washington. Each succeeding year, the service will be in a different church.

The Seven Last Word of Jesus, uttered by him from the cross during the three hours which he hung there will form the theme for the service. Various ministers of local churches will take these words and develop short meditations on them. The service will be divided into seven twenty-five minute periods and people may come for the whole service or come and go as they are able. The following ministers will participate this year: E. Walter Smith of the Lemon Grove Congregational Church, Don Tinsley of the Community Foursquare Church, B. G. Bronner of the Spring Valley Friends Community Church; Bob Rochelle of the Lemon Grove First Baptist Church; Don Cooke of the Lemon Grove Methodist Church and Ernest Nichols of the Spring Valley Baptist Church.

Special Soloists from the various churches will provide music for meditation during each period.

This is the first of such joint efforts by the churches of the community and it is hoped that churches will participate. With good response, other united events can be planned in the future. The occasion for recalling the death of Jesus on Good Friday is a most appropriate time for calling all Christians together.

Tea-Time Fashions Start Friday

The first in a series of weekly tea-time fashion shows will be started this week at Michael's Cafe at noon Friday.

Two Lemon Grove professional models, Robbie Kraft and Barbara Cohenouer are producers of the show.

Several local sponsors will supply the styles though not the same sponsors necessarily every week.

Some of those who will sponsor styles include William's Department Store, Helen Gaudin's Style Shop, Marsi's Store for Women, and Patricia's.

A special luncheon with emphasis on salads will be added to the regular menu at the restaurant.

Models will circulate through the restaurant for two hours or more. Four models will show five changes, or twenty styles in all.

No reservation is needed. There is no cover or admission charge.

Golf Event Planned By Mt. Miguel P-TA

A novel fund-raising event is being attempted by the Mt. Miguel P.T.A.

Way-and-Means chairman Howard Kohler is arranging a golf tournament to be played at Bonita during April.

Prizes and trophies have not been decided upon yet but some of each are expected to be given.

Local golfers interested in such an event can get into the tourney by calling Kohler at one of the following numbers. Daytime at CY 8-7171, and evenings at HO 9-1637.

The Dimmer View

BY MAX GOODWIN

So sensitive are office-holders that they react to almost any stimuli anymore.

Nearly everyone started out by blaming our schools for the Russian satellite, so I guess it was only natural for California State Superintendent of Schools Simpson to request science books for first and second graders.

Reported Assemblyman Sheridan Hegland: "We turned him down. We felt youngsters should first of all be taught to read and right."

The profession of newspapering is filled with anomalies.

Some stories are joyous but some of them are heart-rendering as was the story assignment we were on concerning the drowning of the three and a half year old youngster in the fish pool at his foster home last week on Skyline Drive.

When we started to put the story together it was hard not to put into it some of the pathos and sadness that accompanied the accident. It is even harder to try to put just enough color in such a story to show the enthusiasm a three and a half year old lad has for exploring such exciting, though hazardous, things as guarded pools of water.

No such problem faces the sheriff deputies nor the county coroner. Their reports are as clinical as the surgeon's scalpel.

The report: "Smootz, Richard. Caucasian, Male, 31 month old. Drowning March 18, 1958."

The more people are different, the more they are the same. That is one reason the sheriff's department is philosophical, to a degree, in family disputes.

Good case in point is the story we carried on page 1, March 19 in which a woman was taken to Grossmont Hospital after being found alongside the road on Massachusetts in Lemon Grove.

The woman, Mrs. Esther May Marks of 1006 Central Avenue told sheriff's men her husband had pushed her from the car during an argument. Her husband, questioned at home told them she jumped from the car in a fit of anger but said they had visited several bars prior to the incident.

Sheriff's deputy from whom I got the facts said the woman asserted she would file a "245" (assault with a deadly weapon) against her spouse... "but she won't" he opined.

He explained that where a week-end intervenes, as it did in this case, both parties think it over and become reconciled. Sheriff's offices are generally closed for this formality over week-ends. He thought this was good for settling family differences but bad as far as keeping the peace is concerned.

He said hardly one complaint in 50 is filed by a spouse although they swear by all that's holy they are going to as soon as the sheriff will take their charge.

I checked it out this week. The deputy was right.

"We went to see her at the hospital to see if she wanted to file," the deputy reported. "She said 'no.' She claims she was mixed up when she jumped."

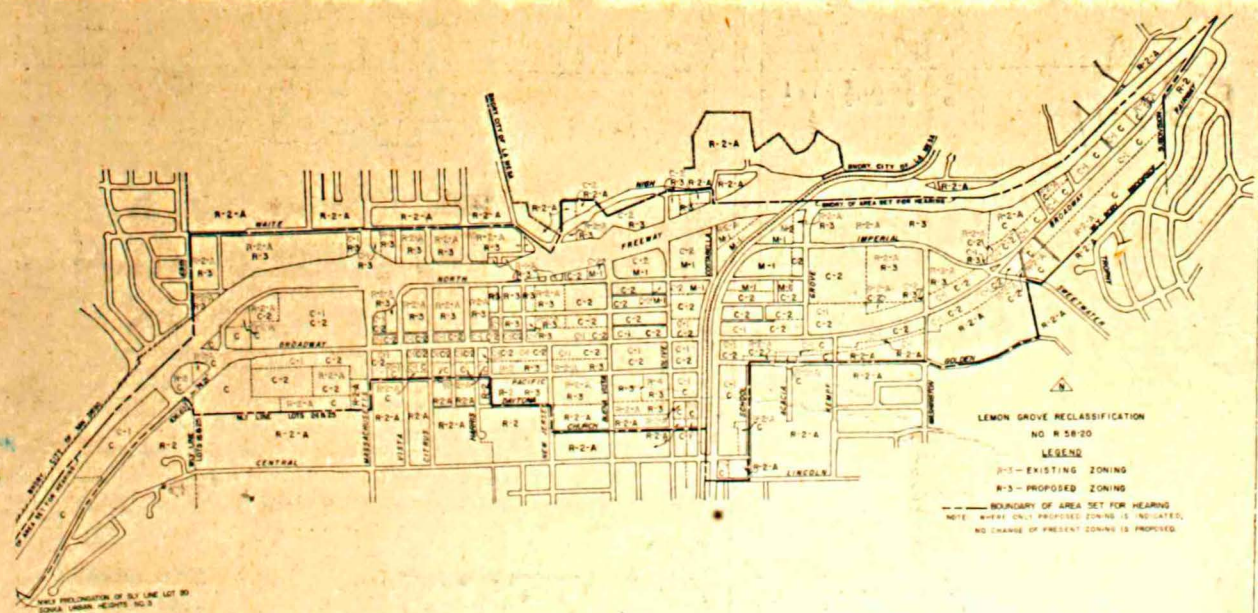

SUMMER SCHOOL OK'D FOR 200

Approval of a six weeks summer school program was given this week by the Lemon Grove school board at its regular first Monday-of-the-month meeting.

School will be under the direction of Miss Jessie Schnell and 200-250 students will attend according to Byron Netzel, school superintendent. Classes will be for three hours and students must get approval of the teacher or principal before he can attend. No bus service will be furnished and there will not be charge for the extra schooling.

The board also agreed to pick up the tab on lunches for two needy children whose families are on welfare. Previously, these were paid for by county funds but a recent ruling is that welfare funds may not be used for families in financial straits temporarily unless they are actually on welfare.

REZONING MAP FOR CENTRAL LEMON GROVE

This is a map of the area to be considered for "more realistic zoning" by the San Diego County Planning Commission at a public hearing April 11 at Civic Center, Room 310.

area to be considered is along Broadway between College and Campo and the boundaries of the area to be considered are shown by the broken line.

Shaded numbers indicate present zone classifications. Black numbers are proposed rezoning classifications. The Planning Commission may consider modifications of the above proposal.

The northern boundary for rezoning runs generally north of the freeway. Southern part follows Pacific from Massachusetts, south to Dayton, more southerly to Church to the railroad, then even

more southerly to Lincoln. It then turns back along School Lane to Golden and east to Sweetwater.

Legal notice of the hearing is published elsewhere in this issue of the newspaper.

Dr. Willis Miller, Planning Director said that requests for rezoning had been numerous and varied during the past years. The proposed rezoning would take care of Lemon Grove's predictable needs, he indicated.

The hearing starts at 2 p.m.

Newcomers Must File Tax Report

"All newcomers who moved to California during 1957 will be required to file income tax returns" reports the Franchise Tax Board. Persons moving to California are generally considered residents of this state when they arrive, subsequently, their entire

income after their arrival is taxable even though it may be derived in part from another state. However, servicemen who move to this state under military orders, do not become residents by reason of their transfer here. All single individuals whose net income was \$2,000 or more and married couples whose combined net income was \$3,500 or more must file. For further information call BE 2-3349, or visit the local tax office at 530 Broadway, San Diego.

GROVE MAN NAMED 'GOOD EGG, 1958'

Robert (Bob) Adolph, County Farm Advisor, living at 3883 Carmancho Drive, Lemon Grove, was awarded the "Good Egg of the Year" certificate, at an impressive breakfast at the Town and Country Club, Thursday morning. This national award was made by Ray Schwartz of San Francisco, member of the National Poultry and Egg Board.

Schwartz, just prior to the presentation, told of the ancient Aesop fable of the "Goose who laid the Golden Egg." He pointed out that the "Golden Egg" is no fable today as far as the poultrymen are concerned, but is the means of a livelihood. He stressed the fact that people should "eat a better breakfast to do a better job." He encouraged the eating of more eggs.

Dr. Cliff Carpenter, president of the Institute of American Poultry Industries of Chicago, was guest speaker. He and his wife arrived recently from Chicago. He warned the poultrymen that they "can't do today's job with yesterday's tools."

He said that the public's consumption of eggs has been dropping off the past few years. Part of the drop, he explained, is probably due to the fact that "we are a nation on wheels." He said that in our travels we stop at the nearest motel, are in hurry in the morning, and more than likely just have a couple of donuts and a cup of coffee for breakfast, instead of something more sustaining, like ham and eggs.

Dr. Carpenter said that due to the great number of housewives and mothers working, that good breakfasts are not put on the table. Many women just have a cup of coffee and a cigarette for breakfast. He pointed out that a hard working person needs a good breakfast. As far as hardening of the arteries or heart trouble is concerned, Dr. Carpenter pointed out, there is no evidence that the eating of eggs is a contributing factor.

Dr. Carpenter told the poultrymen they should get 10½ to 11 cents out of each dollar the housewife spends for groceries. "But," he said, "the egg ranchers must not only control the quality of the eggs, but the quantity as well. You must produce quantity to be successful."

He ended with, "If you take time to eat a better breakfast, 'Time' will deal gently with you."

Master of ceremonies for the affair, was Hart Dunham, Lakeside poultryman and chairman of the breakfast and program. His dry "Will Rogers" type of humor had the crowd in an uproar.

Howard Keddie, San Diego agricultural radio announcer and Ed Clark, secretary-manager of the Dairyman's League, and both secretaries of the County Poultry Products Committee, assisted in presenting the breakfast and program.

EGG FACTS

The production of eggs in San Diego County's first agricultural industry. The 1957 production was better than \$17,000,000.

Some 600 producers are engaged in the production of eggs in San Diego County; San Diego County pioneered the use of refrigeration on the ranch to maintain high egg quality. This practice is now recognized as a "must" nationwide, because of favorable conditions the egg industry has had a rapid growth in San Diego County. Virtually all eggs consumed here are produced here: Thousands of cases of eggs are exported each month to other areas. These eggs, in most cases, bring a premium price because of their superior quality.

San Diego County egg producers carry on a self-help promotion program, financed by voluntary contributions. Their annual "Good Egg" Breakfast is part of that program, and is another first for San Diego County; Eggs are not included in the U.S. Government price support program. The market is an independent one, controlled entirely by supply and demand.

AVOCADO GROWERS CAN SAVE WATER

Saving water is an important part of an avocado grower's job in raising his crop, according to University of California Farm Advisor Don Gustafson. A new instrument has been devised called the Soil Moisture Tensiometer which estimates when to irrigate and when excess moisture is present. Many avocado growers in San Diego County are now using this instrument. For further information, write for "Soil Moisture Tensiometer" Leaflet No. 100, c/o Farm Advisor's Office, Agricultural Extension Service, Bldg. 1, 4005 Rosecrans Street, San Diego 10.

TRIGGER-HAPPY

A fear among defense planners here is that a nuclear war could be set off "by mistake" some day by a trigger-happy dictator of a small nation.

How would a second-class country obtain an atomic bomb? There are several means that intelligence people are aware of... 1. Spies could, conceivably, steal a warhead from one of the present "have" nations. 2. Russia could slip a bomb or two to one of its satellites as a "defense" measure. 3. The greatest possibility — on which lies further in the future — is that the United States, because of international pressure may some day allot a certain number of A-bombs to "friendly" nations. Should this happen, the U.S. would lose its tight control over nuclear weapons.

There is one other possibility of an "accidental" nuclear war — and that is that a "friendly" bomb could inadvertently explode either over here or in Russia, scaring the nation into a war of annihilation. However, according to Defense Secretary Neil McElroy, the chances of an accidental nuclear war, through an inadvertently exploded A-bomb, are "a million to one."

Attention is called to the fact that a list of proposed subcontractors must be submitted with the bid. Preference will be made in the award of the contract to the bidder in accordance with Article 2, Chapter 4 of Division 5 of Title 1 of the Government Code.

The Board of Trustees of the Grossmont Union High School District reserves the right to reject any and all bids and to waive any informality in the bidding. No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening thereof.

ED KOTERBA Reports from Washington

The President, in answer to a question, did say generally "it could be" that a tax cut may be necessary to generate spending, but what most dispatches failed to add was that he also warned that to do so may play havoc with our economy.

Economists here say a tax cut would be requested "only if we are on the brink of a black depression."

SWINDLE SHEET
Chairman of the Federal Communications Commission John Doerfer was raked over the coals for three days for "padding" his expense account by a few hundred dollars.

But the irony is that Rep. Morgan Moulder of Missouri, chairman of the committee was investigated Doerfer, was himself accused a few years ago of a much more serious charge that was never resolved.

Moulder, according to published records, carried his daughter on his congressional pay roll in Washington while she was back home going to high school!

ATTACKS ON JOHNSON
Maybe Sen. Lyndon Johnson, Democrat of Texas, asked for it by pushing so hard with his preparedness committee, but he has become one of the hottest targets of Republicans here.

They are claiming that Johnson is forcing military officers to give personal opinions on the decisions of their civilian bosses — a direct violation of executive policy, should they do so. Most severe attack came from Rep. Peter Frelinghuysen of New Jersey. The Republican congressman compared Johnson's tactics to those of the late Sen. Joseph McCarthy in the celebrated Gen. Hewicker case.

McQuilken Names New Deputy

County Assessor, John McQuilken announces the appointment of John C. Cox, as Chief Deputy County Assessor, effective March 26, 1958. Cox will replace Mark J. Morton, who resigned as of March 25, 1958, because of the illness of his wife.

Cox has been employed in the Assessor's office for the past seven years, as supervising Appraiser.

PRUDENTIAL GIVES NOD TO AL NADLER

Albert Nadler, 3890 Capitol street, has been appointed special agent here for Prudential Insurance Co., it was announced yesterday by Clark W. Smith, manager.

Nadler is a native of Chicago, Ill., and attended public schools there. During World War II he served with the U. S. Navy. Mr. and Mrs. Nadler have three daughters, Rasanne, 15, Sharon, 12, and Esther Marlene, 8.

LOCAL WOMAN JUDGES SCRAPBOOK CONTEST

A Scrap book contest of the local chapters of the Beta Sigma Phi International Sorority was recently held and Mrs. Lois Heiserman, local newspaper woman, of 1601 Cameron, Lemon Grove served as one of the judges. Top honors were given to Xi Gamma Chi chapter for their entry which followed the theme "Around the World." Mrs. Clifford Needham, chapter Historian, directed the preparation of the book.

Avocado Institute Meeting Planned For Fallbrook
Final plans have been made for the Avocado Institute to be held

March 22, according to University of California Farm Advisor C. D. Gustafson.
The meeting is scheduled to begin at 9:30 a.m. in the (old) Fallbrook High School auditorium.

on E. Juniper Street, Fallbrook. The one-half day session will feature speakers from the Agricultural Extension Service. Theme of the Institute is "Irrigation—Key to Avocado Growing." Various problems connected with growing avocados will be discussed in relation to irrigation practices.

Dr. Al Marsh, Irrigation Specialist from Riverside, will speak on "The Use of Tensiometers in Avocado Orchards"; Dr. Al Paulus, Plant Pathologist, Riverside, will discuss "Avocado Root Rot Disease"; R. G. Platt, Subtropical Horticulturist, Riverside, will

summarize work on "Avocado Fertility and its Relation to Irrigation"; Clyde Houston, Drainage Specialist, Davis, will present a talk on "The Importance of Proper Drainage"; and a report of the two year salinity project conducted in San Diego County will be given by Farm Advisor Don Gustafson.

This meeting is open to the public and all interested persons are cordially invited to attend.

Q & A On Clean-Up Has Safety Angle

While Spring Valley is still marking Spring Clean-Up Week, try this quiz on yourself to see just how "fire wise" you are.

If you can answer "yes" to all these questions, go to the head of the class!

Do you regularly get rid of trash and rubbish from attic, basement and closets in your home?

Do you keep the grounds around your house free of dead grass, brush and other outside trash?

Are your home power tools, motors, machines and appliances kept servicable and clean?

Do you replace all worn or frayed electric cords—immediately.

Are matches in your home kept in a safe place, out of the reach of children? Do you have plenty of ash trays? Do you strictly observe the rule never to smoke in bed?

Do you have your chimney and

RESOLUTION NO. 1145
A RESOLUTION ESTABLISHING TIME OF HEARING OF PETITION AND GIVING NOTICE OF THE PROPOSED ANNEXATION OF AN UNINHABITED AREA KNOWN AS CROYDON LANE ANNEXATION TO THE CITY OF LA MESA.
WHEREAS, there has been filed with the City Council of the City of La Mesa, a Municipal Corporation, a written petition signed by the owners of more than one-fourth of the land by area, representing in excess of one fourth the assessed valuation according to the last equalized rolls in the Assessor's office of San Diego County, of the contiguous uninhabited territory hereinafter more particularly described, requesting that such territory be annexed to the City of La Mesa;
NOW, THEREFORE, pursuant to the Annexation of Uninhabited Territory Act of 1939 of the State of California, Title 4, Division 2, Part 2, Chapter 1, Article 5 of the Government Code of the State of California (Sections 35300 through 35325), the City Council of the City of La Mesa, California, hereby resolves as follows:

1. That the contiguous uninhabited area, the subject of such proposed annexation proceedings, shall be designated as Croydon Lane Annexation.

2. That the boundaries of the territory subject to such annexation proceedings and the true legal description thereof are as follows:
All of that area in the City of El Cajon in the County of San Diego, State of California, particularly described as follows:

Beginning at the Southeast corner of Lot 40 of Croydon Lane Subdivision according to Map thereof No. 2803 filed July 31, 1951 in the office of the County Recorder of said San Diego County; thence North 89°58' West, 85.00 feet, along the Southerly line of said Croydon Lane Subdivision, to the True Point of Beginning;

1. Thence Southwesterly in a straight line 90 feet, more or less, to an intersection with the Northwesterly prolongation of the Northwesterly line of Lot 27 of Lincoln Heights Subdivision, according to Map thereof No. 2367, records of said County, distant thereon 223.00 feet Northwesterly from the most Northerly corner of said Lot 27;

2. Thence Northwesterly 140.00 feet, more or less, along the Northwesterly prolongation of the Northwesterly line of said Lot 27 to an intersection with the aforementioned Southerly line of said Croydon Lane Subdivision;

3. Thence North 89°58' West 65.2 feet, more or less to the Southeast corner of Lot 72 of said Croydon Lane Subdivision;

4. Thence continuing North 89°58' West 562.23 feet along the Southerly line of said Croydon Lane Subdivision to Westerly corner of said Lot 72;

5. Thence North 62°27'45" East, 137.15 feet;

6. Thence North 27°32'15" West, 7.00 feet;

7. Thence North 62°27'45" East, 340.00 feet;
8. Thence North 88°33'40" East, 112.00 feet to the most Northerly corner of said Lot 72;
9. Thence South 3°20' East, 44.00 feet;
10. Thence South 2°58'10" East, 135.52 feet to the Southeast corner of said Lot 72;
11. Thence South 89°58' East along the Southerly line of said Croydon Lane Subdivision to the True Point of Beginning.

3. That notice be, and it is hereby given of the proposed annexation of said territory to the City of La Mesa a Municipal Corporation;

4. Notice is hereby given that on 22nd day of April at said City, a hearing will be held at which time and place the City Council will hear protests made by any person owning real property within said territory;

5. The City Clerk of the City of La Mesa is hereby ordered and directed:

(a) To cause a copy of this Resolution to be published at least twice, but not oftener than once a week, in the La Mesa Scout, a newspaper of general circulation, published in the City of La Mesa, and also in the Lemon Grove Review, a newspaper of general circulation, published outside the City of La Mesa, but in the County of San Diego, said publications to be completed at least 20 days prior to the above hearing date).

(b) To cause written notice of the above proposed annexation to be mailed to each person to whom land within the territory proposed to be annexed is assessed in the last equalized county assessment roll available on said date, at the address shown on said assessment roll or as known to said City Clerk, and to any person who has filed his name and address and the designation of the land in which he has any interest, either legal or equitable with said City Clerk.

(c) To cause written notice of the above proposed annexation to be mailed to the Board of Supervisors of San Diego County;

(d) To cause the notices referred to in paragraphs (b) and (c) above to be given not less than 20 days before the above hearing date.

PASSED AND ADOPTED at a regular meeting of the City Council of the City of La Mesa, California, held on the 11th day of March, 1958 by the following vote, to-wit:

AYES: Councilmen Logan, Harness, Nagel, Crosbie

Wonderful Economy Specials in all departments! Fill your freezers! Stock your pantry! Don't miss the great savings during the final 3 days of this big Spring Super Sale! Well worth a special trip to the Food Basket near you!

Pork Loins

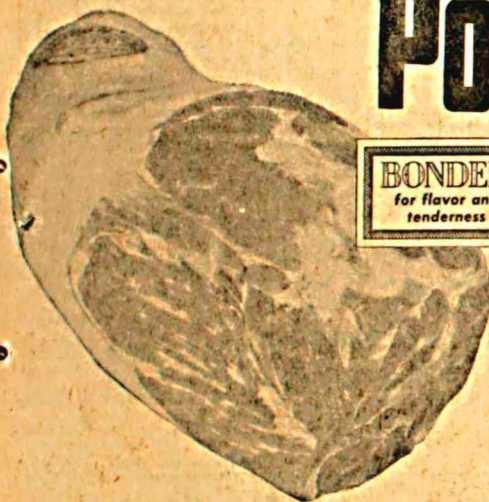

Fresh, Eastern, Corn-Fed ...

For a treasury of delicious, budget-saver uses ... here's the meat buy of the week! Food Basket Pork Loins are naturally better because of the lively, nutty flavor, which is a result of rich corn-feeding, and the wonderful freshness for which Food Basket pork is so famous! Rushed from the heart of the midwest's great corn belt, these loins are from the new lean porkers, which are scientifically bred and raised to yield more delicious meat and less fat and waste! Only the top of the crop is good enough for Super Shoppers ... try these pork loins and see if you won't agree they are unequalled in flavor, tenderness and quality! For an exciting variety of uses ... save by putting some extras in your freezer at this special low price!

Prep System Gets GUHS Eye

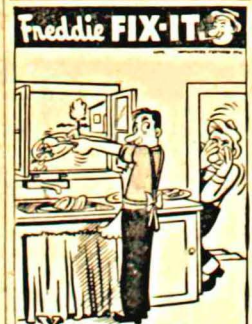

Grossmont Union High School board of trustees approved recently, a program of subject matter to be presented to students of the four high schools. It involves few changes in any one school and offers students a choice of a college preparatory system or an applied arts and science program. The adoption of the district plan is in line with the policy statement adopted by the board in July, 1957 which says that Grossmont District high schools should emphasize an upgrading of college bound students, an increased challenge to superior students, provision for needs of non-college bound students, and help for those who need instruction in basic skills of reading, writing, and arithmetic. It also provides for additional vocational preparation, career counseling and work experience.

A thorough college preparatory program with special "honors" sections for superior students is provided. The "honors" course is one at a very high level into which students are admitted because they have done very well in the special field the honors course is about. It is expected that 40% of the students will be involved in the college preparatory program.

The other 60% of the students will be in the applied arts and science track which is planned to provide the knowledge, basic skills, appreciations, and understanding needed by a person who is to be a responsible citizen, wage earner, and family member.

It will be possible for a student to transfer from one track to the other if he can meet the requirements. Placing students on the right track involves testing and counseling, and these programs are also being strengthened in line with the board policy statement.

☆ Fuel, water and telephone service will be available for ships at each of the seven to nine berths at the new 10th Avenue Terminal of the Port of San Diego.

'Ahuacatls' Now Called Avocados

When the Spanish conquistadors entered Mexico in the 16th Century, they found the Aztecs enjoying a native tropical fruit called "Ahuacatl." It was an important part of the native diet, and the explorers quickly discovered its fine nutritional qualities.

We now know this delightful fruit as "Avocado." Avocados not only look and taste good, but are good for us, according to a statement by a University of California market report. Avocados have many nutritional values that are rare among fruits. They contain no starch and very little sugar, yet they are an excellent

source of energy. A 4-inch "half-shell" yields about 100 calories. This figure is based on the fact that our California avocados range from 8 to 22 per cent oil content, depending on time of harvest. Thus the calorie content varies from 100 to 165 calories per 100 grams (about 3½ ounce serving).

California's present bumper crop is second only to the largest crop in history. We can expect plenty of this quality fruit in market until May at reasonable prices. In May we change over to another excellent variety, the Hass, and another bumper crop is predicted for it. This all adds up to a long term of good eating at reasonable prices.

HOW TO BUY
Avocados are harvested when

the fruit is still firm. They never soften on the trees. They are mature when picked, then soften at room temperature. They are ready to eat when they have lost their firm feel and have softened. The rich, exotic flavor develops during the process.

Markets usually display avocados in two ways: 1—Firm. Leave at room temperature for 2, 3 or 4 days—until soft; 2—Ready to eat. These have been conditioned ahead of time for immediate use.

TO STORE
At room temperature until soft. Then keep them in the warmest part of the refrigerator. Never store in freezer compartment.

DON'T PINCH! DON'T POK!
Remember, avocados are del-

icate. The soft flesh will bruise and dark spots will appear if the fruit is pinched and poked. If the fruit "gives," feels soft to the touch, it is ready to eat.

FLAVOR ALL THEIR OWN

Although avocados are classed as fruit, they taste neither sweet nor tart as one normally expects

in fruit. The unique fruit oil of avocados gives them a distinctive flavor that blends with almost everything. Yet mature, ready-to-eat avocados have a flavor all their own.

ALL IS NOT WELL IN THE PET WORLD. Little Debbie Axt, of 8565 Wade Street, Lomita Village and friend are worried. Unless something drastic is done and soon the Maude Erwin's Foundation For Cats at 4017 Bonita Mesa Road, Chula Vista, is a goner. When Maude Erwin, a grand old lady who devoted 25 years of her life to helping homeless and helpless animals, was alive, there were many donors to the foundation as it is not endowed. Now there is not even money to pay the feed bill and past feed bills have gone unpaid. Credit is no longer extended.

Recently a new addition, a beautiful white Angora cat and her six brand new kittens were found tied in a bundle and set afire on the local dump by someone who didn't like cats. A kind soul saved all of them and took them to Maude Erwin's home. But it looks like it was all in vain. Cash donations are desperately needed to pay outstanding bills. Food donations would be so thankfully welcome. And also milk. It has been months since these orphans had milk. Repairs are needed on their haven. Donations may be mailed directly to the Foundation or at P.O. Box 66, Chula Vista. Food and building materials may be left at the shelter.

Mt. Miguel Students In B of A Contest

Three local Mt. Miguel students have competed in the first step of the annual Bank of America Achievement Awards recently. They entered the first part of competition which goes on to the state level and which can result in prizes up to a thousand dollars. They are: Roger Humphrey, son of Mr. and Mrs. P. E. Humphrey, 7665 Central Avenue, Lemon Grove in science and math; Judy Myers, daughter of Mr. and Mrs. Roy A. Myers, 8863 Campo Road, Spring Valley in liberal arts; and Mike Thornburgh, son of Dr. and Mrs. M. H. Thornburgh, 9798 E. La Mar Street, Spring Valley, in fine arts.

Sweetwater Wrecking Yard Must Go — Supervisors

SAN DIEGO (CNS) — Action to force a wrecking yard on Sweetwater Road, near the extension of 8th Street, to conform to county standards will be started soon, by order of the Board of Supervisors.

"We've got to do something about that 'monstrosity,'" said Supervisor David W. Bird on Tuesday. He made the motion for action, and the Board voted unanimously for an investigation by the department of public works.

Bird said after the meeting that the company has been in violation of the wrecking yard ordinance for several years and has been investigated before. "This time we'll get action," he said.

Shearer Brands Tax On Medicine 'Unjust'

Repeal of the sales tax on prescription medicines was advocated last night by William K. (Bill) Shearer, candidate for State Assemblyman in the 77th District speaking at a dinner and social held in his behalf in National City.

"The sales tax on prescription drugs is nothing but a tax on illness," he said. "People who are ill are often unable to work and medical expenses today are extremely high. The sales tax on medicines adds an unjust and unnecessary burden on families where sickness has struck."

Shearer said the tax works a particular hardship on our senior citizens, and parents with young families. These are the two groups who can least afford to pay this tax.

In his talk, Shearer also discussed water, education, and loyalty legislation. He pledged full support to the proposed water development fund, higher academic standards in the schools, and loyalty oath legislations.

El Mariache Del Norte provided musical entertainment, and a family style Mexican dinner was served by Mr. and Mrs. Rubio.

Temporary Collection Points Set By Red Cross Chairman

Les Freeman, chairman of the newly reorganized Lemon Grove Spring Valley, La Mesa area Red Cross, sent out an appeal this week for contributions.

Many persons have quit contributing during the period of reorganization simply because they didn't know where to send their donations, he said.

"They may send money, or checks made payable to the American Red Cross to me at the La Mesa City Hall, La Mesa, Calif. or to Max Goodwin, Lemon Grove Review, Box 127, Lemon Grove, until permanent arrangements are announced," Freeman said. Chairmen of each of the areas will be announced late this week, he said and they will set up their own collections committees and points.

Meanwhile, Freeman added, some persons wish to contribute and their contributions are needed. Temporarily, the money may be sent to the Lemon Grove newspaper or La Mesa city office.

Additional information may be acquired from Freeman at HO 6-3221.

Grossmont Hi To Spend \$450,000 On Improvements

Bids for \$450,000 to improve the campus of the Grossmont High School, have been called for by the School District, it was learned recently. To be completed by September are a new administration building and auto shop. The present auto shop is to be remodeled for a boys' shower and locker building.

By January 1, it is expected the following improvements will be made: conversion of present boys' shower and locker building into a music building; improvement of the auditorium basement for wrestling facilities; and present music building for instruction quarters.

Nursing Scholarship Made Available

A four year nursing scholarship of \$150 per year will be awarded in May to the daughter of a U.S. Marine or Navy man on active duty, deceased, or voluntarily retired by the San Diego Wives of Navy Doctors club, announced Mrs. Robert M. Gillett, chairman of the club scholarship committee.

It is offered to stimulate interest in nursing as a profession and to enable girls of fine character and high scholastic qualifications, in need of financial assistance, to enter nursing careers. To qualify, if selected, she must be accepted by an accredited school of nursing in California. The applications may be obtained from Mrs. Gillett at AT 2-6187 or San Diego area school principals. They are due May 1. Last year's winner was Miss Sandra Dickerson of Hoover High School.

Final Tryouts Set For Pony League

The Lemon Grove-Spring Valley Pony League plans two more tryout periods, one Saturday and the other Sunday. The place will be the Mt. Miguel Varsity Field, and the time 9 a.m. The first tryout period was held March 22. Boys 13 and 14 years of age interested in playing baseball, may try out. All must bring players' applications, birth certificates and \$150 for insurance.

There will be 8 teams in the LG-SV Pony League this year. This is due to the increase of boys in the area who are of the proper age. Names of the sponsors will be published at a later date. O. F. Keith, publicity chairman of the league, says he hopes the sponsors will be patronized for their help to the league.

Begonia Growers Meet In Youth Center

San Miguel Begonia society will meet April 2 at 7:30 p.m. in the Youth Center on School Lane, Lemon Grove. Ray Purtee, president, will conduct the business meeting and Mrs. J. W. Lowry, vice president, will introduce Charles Hibbs, T.V. program artist, who will discuss tropical and patio plants. A social hour will follow.

"REALITY"
CHRISTIAN SCIENCE SERMON
"Reality" is the subject of the Lesson Sermon on all Christian Science churches on Sunday. Among the Scriptural references which will be read is the wonderful tribute to the glory and reality of God by King David, as recorded in I Chronicles (29:11). "Thine, O Lord, is the greatness, and the power, and the glory, and the victory, and the majesty: for all that is in the heaven and in the earth is thine; thine is the kingdom, O Lord, and thou art exalted as head above all."

Traffic Stopper, Ford-Style!

Safety-twin taillights...exclusive on the exciting 58 FORD. Designed to blend with Ford's distinctive styling...positioned high for immediate attention from the rear.

IF YOU DRIVE AT NIGHT, READ THIS!

Dear Sir:

In regards to your 58 Ford, I had experience with one on Rt. 20 west of Cleveland. The road was blocked, and this 58 Ford was the last one there and it seemed like I could see it twice as far as other makes of cars. That particular night was foggy, and with 45,000 lbs. of freight I had plenty of room to stop after I saw those lights, so I think you should demonstrate your cars out in fog, rain, snow, or what have you. Because if you notice a 58 Ford twice as soon, that gives you twice as many feet out on the highway to stop in, which would make your brakes

twice as good, which would make the people in those Fords twice as safe.

I've been driving for twenty-two years over the highways. I think it's the greatest safety that's been put on cars in years. So I want to thank Ford Motor Company and its engineers for making my job safer over the highways.

Yours truly,
Marlin Mantooth

LOMITA VILLAGE NOTES

by Edna Rice — HO 6-6832

Audubon School class pictures were taken recently. The Student Council planted two more Brazilian pepper trees in observance of Arbor Day, thereby extending the row of pepper trees they are setting out near the new building. The Student Body, the Council, the Faculty, and Dr. Geddis are very proud of the landscaping the pupils have done, thus far. Parents, do come and take a look.

LOMITA VILLAGE

Mr. and Mrs. Eric Ericson and family of Sabre Street have recently moved to Lemon Grove. Their neighbors and many friends will miss them, even though the move is not distant.

LOMITA VILLAGE

Let's we wrongly be suspected of being factionous on the subject of prayer, and, indeed, we most emphatically are not, it might not be amiss to close the Column this week with a few remarks about prayer, especially since this is the Easter season. And regarding the telephone situation at the V. Lee Gannons, there is no doubt that Mr. Gannon's belief exhortation must have had a sal-

utary effort. He felt that he should at least give them a constructive thought. And the people seemed satisfied.

LOMITA VILLAGE

We regard prayer as a dynamic force, far more potent than is generally realized. When man succeeded in splitting the atom, we learned that all matter is, in the final analysis, but a form of energy. Thought is energy. Good thought, or prayer, is especially powerful. We, ourselves have come to regard prayer as a panacea for almost everything. And Father Peyton knew what he was talking about when he said, "The family that prays together, stays together."

LOMITA VILLAGE

We are all for the present drive towards higher education. Russia did this a few years ago, and look how this is now paying off in startling dividends in scientific progress. In our country, however, no Comintern orders an education program. We, the people, order it. But if man does not start developing the spiritual side of nature, too, there's a pretty fair chance we just might blast this old planet of ours clear out of the firmament.

If any one does not believe in the potency of prayer, then just read this scientific experiment. Prayer experiments pin-pointed in a scientific laboratory? Impossible, you say. But it has actually been demonstrated. This prayer research conducted by Religious Research Foundation in Los An-

geles concerned the planting of seeds. It consisted of 900 unit experiments, involving 150 experimenters and the planting of 27,000 seeds and seedlings. The results of the experiment proved conclusively that the seeds and seedlings prayed over made 20% more rapid and more robust growth than those that were not prayed over. This, incidentally, may possibly account for the fact that certain persons are said to have a 'green thumb', while others haven't.

LOMITA VILLAGE

There must be a serious intention. Prayers mouthed glibly, with a wandering mind, are doubtless of small efficacy. Prayers accompanied by action are said to be especially potent. It is said, for example, that the rain dance of the Hopi Indians, with ardent invocation to the Great Spirit, seldom or never fails to bring rain. Prayers for material objects, such as a coveted mink coat or a new car, seldom bring the desired results. But prayer of spiritual graces always does. And the best kind of prayer is prayer for others. That kind of prayer is always like casting your bread on the waters and having it come back to you as hot buttered biscuits.

LOMITA VILLAGE

How is your garden growing this week, after all the rain? Your reporter was thrilled when our banana tree, planted a year or so ago by Neighbor McCauley, now on Okinawa, sent forth a bud stalk. We now have four bunches of tiny bananas. The blossoms at the tip have not yet withered, and look somewhat like maroon and chartreuse cymbidium orchids, with a long projecting pistil, upon each of which clung a drop of nectar, until one of the humming birds, whom we have with us the year around, methodically sucked in each pearly drop of nectar. The trick is to wait until the blossoms have withered, then snip them off with scissors and tie a plastic bag over the bananas. This climate isn't warm enough for the bananas to ripen, otherwise.

Planted in a southern exposure, banana trees grow so splendidly in Lomita Village. In a little while, the spot will look like banana land, for sure. Don't forget your neighbor when you're thinning out. Ginger lilies are making prodigious growth too. We have both the white and the yellow. Our yellow ginger lilies were brought several years ago by the McCauleys from Hawaii, where the natives use both varieties for making leis. The exotic fragrance is delightful. Ginger likes a lot of sun and a warm soil, and it's nice to plant them near the window.

LOMITA VILLAGE

Did you see Shirley Temple's TV Story Book presentation of "The Legend of Sleepy Hollow"? Your reporter hopes that all the young in years, as well as the young in heart, enjoyed it as much as she did. To those we would like to say that Washington Irving's immortal story was absolutely true. There was a Katrina Van Tassel, an Ichabod Crane, and a Brom Bones; only the names were changed. Years ago, when your reporter lived in Connecticut she had a small garden of old fashioned roses, most of them grown from cuttings or suckers taken from bushes of historical interest and of great age. One of her most prized roses was a lovely old pink cabbage rose that had once upon a time belonged to Katrina Van Tassel herself and had grown in her garden in Sleepy Hollow. And this is the absolute truth.

LIFE MEMBERS — Two Lemon Grove P-TA supporters were awarded Honorary Life Memberships from the Mt. Helix Council P-TA last week.

The pair was Ray Lange, of 2921 Orange Place, Lemon Grove who is a school trustee, and Mrs. R. Bullock, of 3528 Citrus Street who is treasurer for the Council. Each of these, according to the awards chairmen, performed outstanding service to schools, youth of the area and service to the community in which they live.

DEPARTMENT FOR RADIO-ACTIVE ISOTOPES FORMED AT GROSSMONT HOSPITAL

In keeping up with our "Atomic Age," the Grossmont Hospital last week, installed a radioactive isotope department, costing (so far) \$7,500, which was financed from a \$10,000 donation by a San Diego man last year. Radioactive materials have been purchased from the Atomic Energy Commission and will assist doctors to diagnose and treat various illnesses. The balance of the large donation will be used to purchase added equipment.

Dr. John C. Flaniken, chief radiologist at the hospital, said the department will now permit the studies of thyroid gland functions, treatment of serious angina pectoris and leukemia cases, isotope therapy for over-active glands and anemia studies.

ALTAR SOCIETY MEETS THIS WEEK

St. John of the Cross Altar Society will meet at the rectory at 1 p.m. Thursday of this week. New members received last month were: Mrs. Charles Blum, Mrs. Margaret Couvrette and Mrs. Sara Heller.

Village boys' teen-age club, started with an eye to leadership training and character building, has recently organized a basketball team. The club officers are: David Spisak, president; Larry Snelling, vice-president; and Roger Graham, secretary-treasurer. Although the Maranathans club is non-sectarian, its sponsor is Derric Johnson, Associate Pastor of Skyline Wesleyan, and the group is in charge of the Youth meetings held at the church. We expect to hear a lot about the Maranathans in the months ahead.

TYPING CLASS SET FOR JUNIOR COLLEGE

San Diego Junior College is offering a beginners' typing class starting the week of March 17. Day and evening classes will be held. Other subjects offered are: office procedure, business english, bookkeeping and accounting, business arithmetic, comptometer and calculating machines. Also offered is a typing speed building class. Persons interested in improving their office skills may enroll in advanced classes of those mentioned above as well as advanced shorthand and duplicating and transcribing machines. Enrollment is Monday through Friday for day classes, 9 a.m. to 2:30 p.m. and evening classes, 6 to 8:30 p.m. at the Junior College Student Personnel Office, 1425 Russ Boulevard.

San Diego County's traveling exhibit, sponsored by the Southern California Exposition & County Fair and the County of San Diego, won its first blue ribbon of the year at the California Mid-Winter Fair at Imperial. It will show at the National Orange Show at San Bernardino, April 10-20.

SEEKS ORANGE CROWN — Pretty Jeanette Amberson, 17, will represent Cucamonga in Southland contest to pick queen for 1958 National Orange Show in San Bernardino, April 10-20. Winner gets "California Orange Queen" title and free flight to Honolulu via Transocean Air Line Super Constellation and week's vacation at famed Hawaiian Village Hotel on Waikiki Beach.

Curtain Rises On 'Fallen Tower' This Week at Helix

An original three-act play by Bernard Zaidowsky entitled "The Fallen Tower" will open Friday and Saturday of this week at the La Mesa Junior High School auditorium. Curtain goes up at 8:30 p.m. Admission is one dollar.

Produced by the Beachcombers, a local theatre group, it tells of the gray flannel jungle of Madison Avenue in New York City during the period when television began to stand on its own. Zaidowsky, a native New Yorker, has worked in the television industry.

The players are: Rocky Cagliano, Corinne Kuehne, Jim Davis, Jack Tracey, Leo Lewis, Donna Simoneau, Barbara Arbuckle, Harry Robinson, George Sisson, Alma Robinson and Charles Rendon. Jim Davis directs, stage manager is Bill Baxter and technical crew are: Blanche Lewis, Laura La Tour, Maxine Boswell and Loretta Decker.

San Diego Factory Employment Steady

According to a report from the California Director of Industrial Relations, Ernest B. Webb, factory employment and salary workers during February in San Diego were practically unchanged from the month of January. Compared with a year ago, factory employment was off 6 per cent. Aircraft employment was 9 per cent below a year ago and 13 per cent below the postwar high established in July 1957. In other manufacturing industries employment in February 1958 was about the same as in February 1957.

Mrs. Jackson Re-Elected President Of Bancroft P-TA

Mrs. Charles (Fitz) Jackson of 8651 La Mar Street, Spring Valley, was re-elected president of the Bancroft School PTA, at the last meeting.

Other officers elected were: Mrs. Frank Trammell, first vice; Everett Lucal, second vice; Mrs. John Johnson, recording secretary (re-elected); Mrs. Frank Berger, corresponding secretary; Mrs. Reon Rauscher, treasurer (re-elected); Mrs. Thomas Smith, historian (re-elected); and Donald Brackman, auditor.

Installation of officers will be in May.

Following the election, a skit, entitled "We Make the Flag" was presented by the fourth and fifth grade rooms and also a tee vee play, "The Eye of the Beholder."

It was interesting to note the construction of the stage in the auditorium of Bancroft School. A full sized platform for auditorium type productions. Sections of the stage may be detached, folded and rolled to classroom size for dramatic production, or onto the blacktop in the patio for outdoor activities.

P-TAs To Sell Fair Tickets

More than 200 units of the county-wide Parent Teachers Association will participate in the advanced sale of adult admission tickets to the 19th annual Southern California Exposition and County Fair being held June 27 through July 6 at Del Mar. Twenty-five per cent will be saved by buying your tickets early. Adult tickets will be 75 cents and children's tickets will be 25 cents, as usual. The San Diego Children's Dental Center and participating units will benefit from the sale. The PTA sold approximately 28,000 tickets in 1957. Mrs. John Chapman, the PTA's Ninth District Dental Health Chairman, will be in charge of the project.

☆ America's oldest public building, the Palace of the Governors in Santa Fe, New Mexico was built by Spanish colonists in 1610. It served more than 100 Spanish, Mexican and American governors, and for a twelve-year period, 1680-1692 it housed the leaders of the rebellious Pueblo Indians.

PROMOTED — Howard A. Lennox, 7545 Pacific Ave., Lemon Grove, has been promoted Air Force Reserve, according to Lt. Col. William B. Adams, commander of the Air Force to Reserve Center at Fort Rosecrans in San Diego. Lennox is an employee of the Pacific Telephone and Telegraph Co.

Young GOPs Plan All-Candidate Reception

The Board of Directors of the Young Republicans of San Diego County announced that an informal reception will be held for state and national offices. This reception will be held from 6 to 9 p.m., Friday, April 11, at the Mission Valley Country Club. There is no admission fee. Marje Acker, President of the San Diego County Young Republicans, stated "our Board feels this reception will afford an excellent opportunity for all the citizens of San Diego to meet the Republican candidates."

Invitations have been extended to Senator Knowland, Governor Knight, Mayor Christopher, Assemblyman Weinberger, Comptroller Kirkwood, Board of Equalization Member McDavid, and Congressmen Wilson and Utt. In addition, State Senator Crawford, Assemblymen Lukel, Crawford, Schrade and Assembly candidate Shearer have also been invited to meet San Diegans from throughout the County. The Board feels this is a unique reception in that to their knowledge it will be the first time all Republican candidates for various offices would be at one local reception simultaneously.

Miss Betty Anne Mayrhofer County Program Chairman, outlined other proposals for Young Republican County-wide activities. Included in this program which was approved by the Board, will be a golf tournament in July, a Young Republican workers reception in October, and a board dinner meeting next January. Miss Mayrhofer stated that the action of the Board will do much to engender enthusiasm for the forthcoming elections through advance planning and programming.

Each of the seven club Presidents reported their monthly programs had been scheduled in advance which should enhance the interest of the young people of the Party.

Donn Maurer, Vice President of the San Diego County Young Republicans, reaffirmed the Board goal of 1,000 members in '58, and encouraged each current Young Republican to recruit members from among their friends and business associates.

Dairy Princess To Be Chosen

Search for an American Dairy Princess will be aided locally by the San Diego Milk Council and the California Dairy Industry Advisory Board. They will sponsor a district contest in San Diego and Imperial counties.

The San Diego Milk Council is composed of producers of milk distributed in San Diego.

The district contest is open to any San Diego or Imperial County girl 16 to 25 years of age as of October 1 who has a dairy farm background. This includes either past or present residence on a farm which derives part of its income from dairying. Or a candidate may be a daughter of someone engaged in the dairy industry.

Candidates also must be single and never have been married, and must have been graduated from high school as of June this year. Professional models are not eligible.

Entry blanks and complete con-

test information may be obtained by writing the Dairy Industry Advisory Board, 3628 University Avenue, San Diego 4, or phoning ATwater 1-6906. The deadline for entering the contest is April 1. Judging will be in San Diego April 10.

The district contest winner will be eligible to compete in the state-wide contest to be judged at Sacramento early in May, with expenses paid. The state finalist also will have her expenses paid to the national contest which will be held in October in conjunction with the International Dairy Show in Chicago.

The American Dairy Princess, chosen annually, reigns for one year. She represents the dairy industry at various functions in all parts of the nation and several foreign countries. In addition she is given a \$1,000 scholarship and \$750 in cash.

The California ADA is participating in the national contest this year for the first time.

CHRYSANTHEMUMS

Chrysanthemum cuttings should be taken about the middle of March and if this is one of the garden jobs you plan to do you may like to send for my free bulletin, HOW TO GROW BETTER CHRYSANTHEMUMS.

PREVENTION

Since Chrysanthemums are susceptible to rust, I suggest soaking the cuttings about 40 minutes in a good safe fungicide, before putting them in clean sand; then saving the fungicidal solution in which you dip them to use for watering them the first time or two. Explicit directions for doing this along with other important tips are given in the bulletin I refer to.

It will be about six weeks before the cuttings are ready for potting. You will find it best to grow the rooted cuttings in pots for three or four weeks which will give you time to prepare the ground in which you're going to plant them.

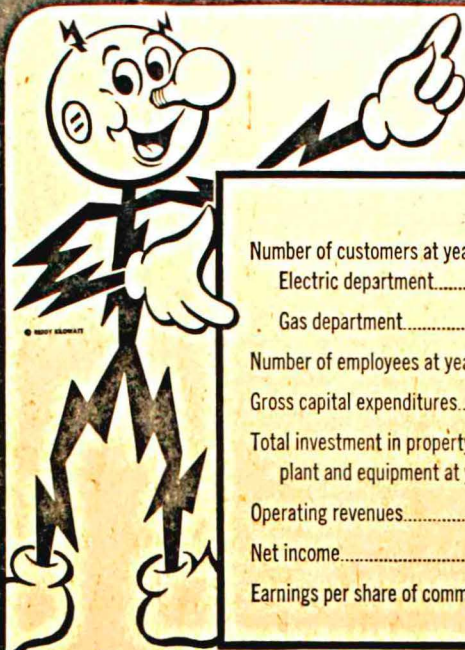

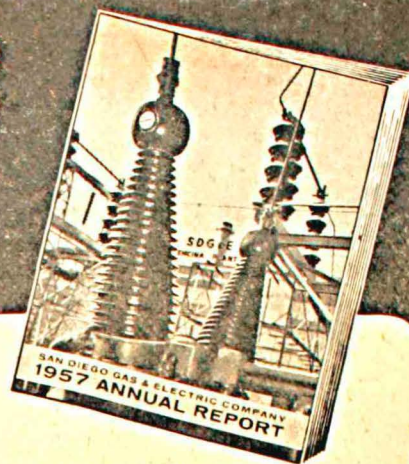

Some people like to take root cuttings commonly called "Irishman cuttings." These should be taken a little later... the last of March or 1st of April, according to climate.

Beware 'Pruning-Leggars' Warn BBB

San Diego County residents are warned by the Better Business Bureau to beware of springtime racketeers who prey upon the unsuspecting, garden-loving public. Self-styled tree surgeons may offer to prune trees for a few pennies a limb and then present you with an exorbitant bill. So-called "bargains" in trees and roses are another thing to look out for they may not have sufficient root growth to survive in our local soil or climate.

Be cautious about letting strangers take your lawn and garden equipment with them for repair. First investigate their identity and get names, addresses and phone numbers. Patronize only reputable, well-established businessmen in your community, said Cecil Candler, general manager of the Better Business Bureau.

The rapid growth that has characterized the operations of San Diego Gas & Electric Company for the past several years continued during 1957. The number of electric customers increased 13,051 and the number of gas customers increased 11,662. In response to the steadily increasing requirements of the communities that depend upon us to supply them with vital utility services, we continued to expand our facilities. As a matter of fact, our program of new construction required capital expenditures totaling \$25,334,800 in 1957, which was almost 40 per cent more than expenditures for this purpose in 1956.

Sales and Revenues — The volume of sales increased substantially in 1957, and total operating revenues for the year were 6.8 per cent higher than in 1956. For example, electric sales increased 10.2 per cent, and electric revenues increased 8.5 per cent.

Operating Costs — At the same time, however, the costs of operation increased sharply under the impact of inflated prices. These increased prices, notably those for fuel, materials, and supplies, as well as higher wage and tax rates, items over which the company has little or no control, had the effect in 1957 of increasing the company's operating expenses out of proportion to increased sales. As reported in our 1957 Statement of Income, operating expenses for all departments increased 8.4 per cent, whereas total revenues from sales increased only 6.8 per cent.

Net Income — As the result of increased costs of doing business, the company's net income declined 6.1 per cent in 1957, in spite of increased sales and revenues. Earnings per share of common stock were \$1.38, compared with \$1.51 in 1956.

Disposition of Revenues — The chart below shows how 1957 revenues were used in the payment of operating costs and other financial obligations, including dividends to stockholders. Note that the payment of taxes absorbed over 22 cents of each dollar of revenue, second only to the cost of fuel oil, gas and purchased energy, which took over 26 cents of that dollar.

Ownership of the Company — The number of stockholders participating in ownership of the company reached 25,200 at the end of 1957. Of that total, 20,500 were holders of common stock and 4,720 were preferred stockholders. Approximately 38 per cent of preferred stockholders and 35 per cent of the common

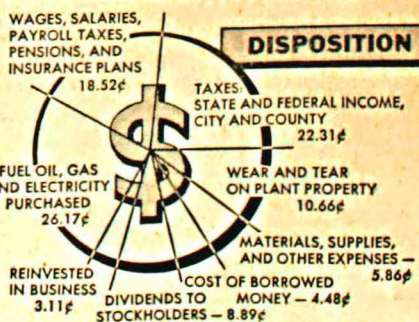

stockholders are customer-owners residing in the area served by the company, and a like number of owners of both classes of stock are residents of other communities in California.

New Financing — In order to obtain sufficient funds to finance capital expenditures for additions to plant in 1957, the company sold \$7,500,000 par value of cumulative preferred stock, and \$12,000,000 of first mortgage bonds.

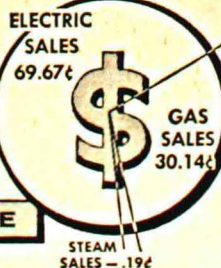

Continued Expansion — It is our obligation as a utility company to expand our facilities in order to meet the increasing demands for electric and gas service in the San Diego area. We are therefore continuing a program of new plant construction, which in 1958 will necessitate capital expenditures totaling about \$24,800,000. To obtain most of the funds that will be required to finance this new construction, we will eventually have to issue and sell additional securities.

Rate Increases Requested

In view of the expected continuation of the earnings decline experienced in 1957, the company has made application to the Public Utilities Commission of California for increases in its electric, gas and steam rates. The proposed new rates would produce additional revenues to offset the higher costs which have been incurred since the existing rates were established.
